

GLOBAL SHIPPING + LOGISTICS COMPANY, MONTREAL QC

This bright and airy office in Old Montreal includes sleek glass fronts, sliding and pivot glass doors and the star of the show; a series of free-standing demising walls and doors wrapped in our beautiful and durable woodgrain Falkskin. Our sustainable recycled PET felt panels add the final touch to the design while greatly improving the acoustics within the mid-century space. With Digital Component Construction, we had no trouble meeting the client's aggressive timeline.

DIGITAL COMPONENT CONSTRUCTION

“With such an aggressive project schedule, Falkbuilt’s manufacturing and installation speed was critical.”

- Pierre Parent, Anjinov, Senior PM
